

*"Serving U Globally"*

**VERKS GLOBAL LOGISTICS  
COMPANY PROFILE**

# COMPANY OVERVIEW

**VERKS GLOBAL LOGISTICS (VGL)** a 3PL logistics provider is ISO certified (9001:2008) company that caters to supply chain management solutions including international and domestic transportation, warehousing customs brokerage, freight forwarding and trade consulting services.

**VGL** has well designed logistic centers located within and outside the custom bonded area that can easily cater to its customer's logistics requirements locally and internationally, without any hindrance. The facilities are divided into two parts –  
(a) Racked area (stackable) and  
(b) Bulk Storage area (non-stackable).

***Our Mission*** is to provide a highly responsive, flexible and cost effective logistics solution to our customers that ensure readiness, and prompt delivery of shipments at a given time.

## ***Our Team***

VGL management team comes from varied background but with a common, strong understanding of logistics & supply chain management. Our uncompromised commitment to quality service and technological innovation are just a part of the reason for our growth.

***“Verks Global Logistics is firmly committed to provide its customers a Comprehensive Global Logistics Solution that could cost effectively meet their growing requirements.”***
